It is to YOUR ADVANTAGE to Mail Your Bids Early!

To Avoid Misunderstanding Please Read These Terms of Sale Before Bidding

Positively no change from these terms made for anyone.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. This guarantee holds good indefinitely. And my guarantee means something to you. Remember that there are thirty years of proven successful numismatic experience and ample financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted**, as I cannot be expected to ship goods to parties whose good standing is not known to me.

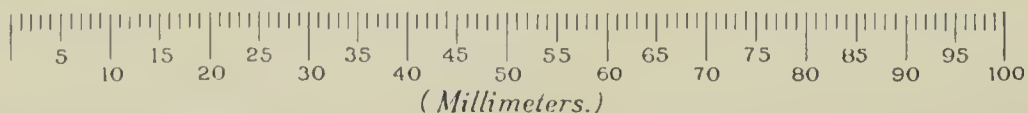

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, February 23, 1932.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this Catalog is given by Millimeters.

BIDS ARE AT SO MUCH PER EACH PIECE

[illegible]

Parties unknown to me and having no previous credit established at my Sales will please send a deposit with bids. Otherwise the bids will not be accepted.

- 64 1860 Fine to very fine. Rare.
- 65 1870 One of the rarest gold dollars. The obverse is extremely fine, with mint luster. Reverse is fine but unfortunately it had been mounted and solder removed from center. The figure 1 and the date has not been damaged but the word DOLLAR is almost obliterated. However, as a perfect specimen brings from \$100.00 to \$125.00, this would prove a good specimen for the average collector who does not care to invest \$100.00 or more in a gold dollar.

COMMEMORATIVE U. S. GOLD DOLLARS

- 72 1915 Panama-Pacific issue, as last. Uncirculated.
- 73 1916 McKinley Memorial. Head of McKinley. Reverse, view of the Memorial at Niles, Ohio. Uncirculated. Scarce. Only 20,000 coined of both dates, 1916, 1917. Half of that number was sold by the Commission and the other half was purchased by me and so widely distributed that no quantity of them is held by anyone and these interesting gold pieces are now bringing \$5.00 to \$6.00 each.

- 86 1855 Very good.

- 90 1859 About uncirculated, with considerable mint luster. Scarce.

- 105 1873 Strictly fine to very fine. Surface slightly rubbed and a pin-point nick on reverse edge; hardly noticeable. A most acceptable specimen of one of the rarest coins of the series. According to mint report only twenty-five coined. Record up to \$125.00.
- 106 1874 Uncirculated.
- 107 1877 Strictly very fine; appears to have originally been struck as a proof, as it retains considerable proof surface. Although the Mint reports that 1488 specimens were struck, but I doubt if this is correct, as according to the number of specimens known to exist, I consider it practically as rare as the 1873. And its auction record is not far below that of the 1873.
- 108 1878 Sharp uncirculated. (Until just recently I had never seen a real honest-to-goodness brilliant proof specimen of this date \$3.00 gold piece. I know of only one specimen. There are probably some so-called proofs which are in reality only brilliant uncirculated specimens. A real proof of this ordinarily common coin would bring at least \$50.00 to \$100.00.)
- 109 1879 Brilliant semi-proof, nearly equal to a brilliant proof.
- 110 1880 Proof, not in full brilliancy. Rare. Small coinage.
- 111 1881 Uncirculated, with brilliant surface. Rare.
- 112 1882 Practically uncirculated, with mint luster. Quite rare. Coinage almost as small as that of 1887.
- 113 1883 Proof. Obverse fields very slightly rubbed.
- 114 1884 Proof. Rare, especially in proof.
- 115 1885 Semi-proof. Rare. Only 910 coined, but by far less rare than the 1877, of which the mint reports claim more than 1,400 were coined.
- 116 1886 Brilliant uncirculated, with proof surface. Very scarce.
- 117 1887 Very fine.
- 118 1888 Uncirculated, with beautiful frosty mint luster.
- 119 1889 Last year of issue. Nearly uncirculated.

- 136 1799 So-called small stars. Very fine; sharp.
- 137 1800 Fine. Scarce. Far more so than is generally recognized by collectors.
- 138 1801 Very fine, sharp.

- 156 **Moffat & Co.** 1849, \$5.00. Nearly uncirculated, sharp, with considerable luster. Another coin that is not rare but very scarce indeed in such choice condition.
- 157 1850, \$5.00. Same type as last. Very fine, sharp, with considerable original luster. Quite scarce, far more so than the 1849.
- 158 1850, \$5.00. Same type as last but of an entirely different die; the so-called large eagle variety, and this variety has a die break on reverse edge connecting OL of DOL. Fine, sharp. Rare. High auction record.

From the Will of
Edmond de Goncourt

(Translated)

My wish is that my Drawings, my Prints, my Curiosities, my Books—in a word, these things of art which have been the joy of my life—shall not be consigned to the cold tomb of a museum, and subjected to the stupid glance of the careless passer-by; but I require that they shall all be dispersed under the hammer of the Auctioneer, so that the pleasure which the acquiring of each one of them has given me shall be given again, in each case, to some inheritor of my own tastes.
